EXPERIENCE

PHN Technologies

Frontend Web Intern | April 2023 – June 2023

Key Skills: HTML   CSS   JavaScript

Under proper guidance and mentorship created frontend development projects. Completed multiple tasks and performed user experience testing.

PROJECTS

Portfolio

HTML   CSS   JavaScript   Bootstrap

Created a portfolio to showcase my skills and introduce myself and make it more convenient to go through my profile and connect with me.

The Diary Showcase

HTML   CSS   JavaScript

A website to showcase my fondness for diaries. Created a frontend for E-commerce website to welcome users, get them to know the organization and browse through the products.

Automated Document Verification System

Team size – 4

React   Node.js   Express   Mongo DB

Designing and developing a comprehensive system leveraging the MERN stack augmented with advanced technologies including SHA hashing for secure data handling and digital signature verification. Implemented OCR (Optical Character Recognition) technology to extract text from documents, facilitating seamless document verification processes.

Other Projects

HTML   CSS   JavaScript

Clone of Netflix landing page.   **Games** - Maze game, Tic Tac Toe, Rock Paper Scissor.   **Other –** To-Do Webapp
